OBJECTIVE

Seeking a challenging postion in any industry where myskills and knowledge can be best utilized and be responsible to provide my complete support for my company by updating myself at each period

EDUCATION

Board of secondary education,KGBVidhyalayam percentage:82

Telangana State Board Of Intermediate Education:KGBV Jr College percentage:70

Jawaharlal Nehru Technological University Hyderabad,MITS percentage:69.8

TECHNICAL SKILLS

- HTML
- CSS
- SQL
- JAVASCRIPT

SOFTS KILLS

- Problem solving
- Time Management
- Communication
- Team work

PROJECT

This projects on "Optimal Ambulance Positioning for Road Accidents with Deep Embedded Clustering" introduces an innovative approach to enhance emergency response system for road accidents.With road accidents being a major cause of fatalities worldwide,swift and strategic ambulance positioning becomes imperative to minimize response times and save lives.This initiative leverages the power of deep embedded clustering algorithms to optimize ambulance deployment in high-risk areas by analyzing historical accident data.

DECLARATION

I here by that the information given above is true to the best of my knowledge
